Nondalton - Fuel Truck

State Funding Requested: \$ 50,000**House District: 36 - R**

Future Funding May Be Requested

Brief Project Description:

Purchase of a fuel delivery truck for the City of Nondalton Fuel Department

Funding Plan:**Total Cost of Project: \$160,000**

	<u>Funding Secured</u>		<u>Other Pending Requests</u>		<u>Anticipated Future Need</u>	
	<i>Amount</i>	<i>FY</i>	<i>Amount</i>	<i>FY</i>	<i>Amount</i>	<i>FY</i>
Local Funds	\$2,000	08			\$3,000	09
Other					\$105,000	
Total	\$2,000				\$108,000	

*Explanation of Other Funds:**5000 - Small Municipal Energy Assistance Revenue Sharing; 100,000 from a USRDA loan to the City of Nondalton***Detailed Project Description and Justification:**

A new fuel truck purchase is identified as a priority by the City of Nondalton. The city began delivery of fuel to the community in 2005. Prior to that year, individuals and businesses were obtaining fuel from Iliamna. The city is supplying 30 to 50 thousand gallons to the community on an annual basis. There is no other fuel vendor in Nondalton. In 2005 the city purchased a used 1964 1000 gallon fuel truck for deliveries. This vehicle became in-operable in 2006. Since that time, the staff has towed this vehicle around the community for fuel deliveries. The purchase of a new vehicle would allow the city to be more efficient and productive.

Project Timeline:

Once \$50,000, add \$5,000 in local funds and a long term loan through USDA-RD for \$100,000. Projected delivery of truck is Fall barge of 2008.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

City of Nondalton
